KAMINII SHAH KAMINII SHAH SUPER VISSON PORTON EXAMINED

Continuation of 11. does NOT place the application in condition for allowance because:

Regarding 35 USC 112 ¶1st: Examiner withdraws the rejection relating to "Digital processor". However another 35 USC 112¶1st rejection was made on Non Final action after RCE which was maintained in final and remains unaddressed in the response after final. This rejection was made under written description requirement for amended limitation "modeling being [done] in a manner uninfluenced by a prior existing related system architecture and measured performance thereof.

The currently amended claim set, for example cancels claims 6-8 and rolls those limitations into claim 1. Claims 6-8 were rejected and the new claim 1 would still remain rejected as presented by the cited art and does not bring this case any closer to allowance.

Prosecution on this case is closed, however the amended claims are entered.
